(CONT. FROM PAGE 1)
comparable commissions within that state.
Although a century separates the first brand inspectors from today's elite,

forco, their duties have remained much the same through time. During calendar year 1982, for instance, TSCRA's present inspector force developed 196 theft cases, primarily involving cattle theft. During the same year, the inspectors recovered property worth \$1,142,014.95—an average of \$3,128.81 of ranch property recovered each day. "Our inspector force remains one of

the major thrusts of our Association," TSCRA President Seelgion said during the dedication. "That's why we place such emphasis on hiring inspectors of unquestioned integrity. We think we have an excellent force today—men who are faithful and loyal to the cowman's needs as they continue to combat cattle rustling and stem the tide of cattle theft."
Seelgion also paid tribute to the past and present members of the

Burnett family for their many philanthropic gestures to the cattle industry of the United States. "This is a family that has unselfishly given innumerable contributions to our Association since its beginning," Seelgion said.
The patriarch of the family, S.B. (Burk) Burnett, was one of the 40 original founders of TSCRA at Graham, Texas, in 1878. Although he had heavy business responsibilities both at the Four Sixes Ranch and in Fort Worth, he served as treasurer for the Association for two decades. Many times he kept the fledgling Association solvent by paying inspector salaries out of his own pocket.
His son, Thomas Loyd Burnett, was a staunch supporter of the Association and its goals for most of the early part of the 20th century.
Tom Burnett's daughter, the late Anne Burnett Tandy, and her daughter, Mrs. Anne Windfohr Sowell, in 1979

personally contributed the funds for the land on which the present TSCRA Foundation building stands.
Mrs. Sowell and her daughter, Anne Windfohr Phillips, daughter of the late Anne Burnett, continue to present "The Best of Texas" to the TSCRA Foundation, a tribute to the entire Southwestern cattle industry.

TSCRA Secretary-General Mervyn C. King of Fort Worth, who was an inspector in the early days of its concept with Mrs. Sowell, King settled on a typical steer as horse as well as the inspector's badge, spurs, saddle, hat and clothes and scene accurate for its time. The artist Jim Rouse of Kerrville was commissioned to sculpt the bronze as a suggestion of Mrs. Sowell.

Feed Grain Stocks Sharply Higher

Austin — Reflecting the price increases of recent years, the June 1 stocks of the four major grains — corn, oats, barley and sorghum — increased 45 percent last year to 7.8 million metric tons, according to figures released by the Texas Crop and Livestock Reporting Service.

June corn stocks in all positions were at a record high with 1984 million bushels being stored across the state. State Statistician Bill Pratt reported that corn stocks were up 36 percent from last June.
Total sorghum stocks of 993,000 cwt. were up 64 percent from a year ago. This was the largest inventory figure reported since 1968. Oat sorghum stocks were up 61 percent from last year, while on-farm stocks increased 12 percent.
Wheat stocks were a record 1.1 million cwt. (CONT. ON PAGE 3)

Feed Grain Stocks Sharply Higher

(CONT. FROM PAGE 2)
Total barley stocks dropped 18 percent from a year ago and oats were down 45 percent. Barley and oat stocks total 128,000 bushels and 1.6 million bushels respectively.

Pratt noted that soybean stocks in all positions reached 6.7 million bushels, almost six times last year's total and the largest June 1 stocks since 1970. Nationally, stocks of the four feed grains totaled 151 million metric tons, 42 percent greater than a year earlier. Pratt added that corn, wheat and soybean stocks were at a record high for June.

TBA Convention Set July 20-22, Brenham

Brenham — The Texas Brahman Association will hold their annual convention here on July 20-22. The headquarters for the TBA meeting will be at the Coach Light Inn. The TBA activities are scheduled between the Texas and American Junior Brahman Association's shows.

Registration for the convention will begin on the morning of Wednesday, July 20. At 7:30 p.m. that evening the TBA will hold their annual Haltered Heifer Sale. This sale will feature 25 top females from the most noted Brahman breeders in the state.
The convention program will begin the morning of Thursday, July 21. Members will discuss the forthcoming TBA directory, the brasserie program in Texas, and will present an update on the TBA-Guerra Scholarship. The convention will conclude early on July 22. For total reservations, contact the Coach Light Inn, P.O. Box 1117, Brenham, TX, 77883, or call (409) 409-0097. For information on the heifer sale, contact Coleman Locke, Hungerford, TX, 77448, or call (409) 409-1352.

19 Texas Counties Get Financial Help Sen. Tower Reports (CONT. FROM PAGE 1)

The Small Business Administration will be authorized to lend up to \$500,000 to per qualifying business for fixed assets. To qualify, the borrower must provide 10 percent of the investment package and obtain financing for another 50 percent from a commercial lending institution. The remaining 40 percent would come from the Development Corporation, Tower explained. The Certified Development Corporation portion of the loan can be for up to 25 years, although the commercial loan must be for at least half the period of that loan.

Farm Failures Seen Declining

The number of farmers going out of business in the area served by the Federal Reserve Bank of Dallas appears to be declining, according to Brian Galuardi of the Bank's staff.

He wrote in the Bank's monthly newsletter that an April survey showed 1.7% of the farmers with commercial bank loans went out of business during the 6 months ended March 31, 1983. This is down considerably from the estimated 3.6% during the last 6 months of 1982, and is well below the expectations of bankers in the January 1983 survey.

These results indicate there were fewer farm failures in the first quarter of 1983 than in the third quarter of 1982, Galuardi concluded.

He attributed the improvement in farmers' financial positions to heavy participation in the Payment in Kind (PIK) program and recent increases in prices for some crops and livestock. Galuardi noted that farmers par-

Rutherford Beefmaster Production Avgs. \$2505

Bobby and Edna Rutherford, along with guest consignors Steve and Cindy Emmons of Fairfield, TX held their first Beefmaster Production Sale at the Rutherford Ranch near Fairfield on June 3rd. Twelve three-in-ones averaged \$2900, 30 pairs averaged \$2160, 5 bred females \$3620, 9 open heifers \$244 for a total of 56 lots to gross \$140,300 to average \$2505.

Top selling bred female went to Montgomery Properties of Azle, TX for \$8800. Montgomery Properties also gave \$6000 for an open heifer that was consigned by Steve and Cindy Emmons. They also purchased the top selling three-in-one at \$6000.

Thompson Brothers of Mandeville, La. gave \$4500 for the top selling pair. Volume buyer of the sale was Montgomery Properties. Sale manager Thompson Cattle Marketing, Auctioneer Gerald Bowie.

Fed Cattle Uneven, Hogs Mostly Higher At Markets Monday

There was considerable unevenness in the fat steer and heifer markets on Monday as the continued weakness in the beef trade was a factor, and buyers showed more than usual selective attitudes. Some of the higher steer prices represented cattle aimed at CME delivery. Buyers were weight conscious at other points and the recent brisk trade in two-way fat-leader types of steers had cooled down. Cows were higher at some points and bulls mostly steady. Receipts at the central markets were only a bit larger. Monday's estimated cattle kill at 128,000 was 4,000 above last week and 7,000 higher than a year earlier.

Hogs were unevenly to sharply higher with advances ranging mostly from 50 cents to \$1.50, but Omaha bid, some \$2.50 up. Market supplies were a couple or three thousand smaller and Monday's estimated hog kill at 270,000 was 11,000 under last week and 4,000 below a year ago. Price trends, quotes on choice and prime steers and heifers and the good and choice grades and on good to choice Holstein steers and U.S. 1-3 hogs scaling 200 to 270 or 280 pounds included:

OMAHA fed cattle mostly steady, spots 25 cents higher. Steers \$83.70 to \$85 and \$83.50 to \$84.25. Holsteins \$84 to \$85. Heifers \$82 to \$83.25 and \$81 to \$82. Hogs \$1.50 to \$2.50 higher at \$48 to \$48.50. SIOUX CITY fed cattle steady to 50 cents lower. Steers \$83.50 to \$86.75 and \$83 to \$84.50. Holsteins \$84 to \$85. Heifers \$80 to \$83 and \$48 to \$48.50. Hogs \$1.50 higher at \$48 to \$48.50. ST. PAUL fed cattle steady. Steers \$83 to \$84 and \$82 to \$83. Holsteins \$85 to \$87.50. Heifers \$81 to \$82 and \$58 to \$61. Hogs \$1 to \$1.50 higher at \$48 to \$48.50. SIOUX FALLS fed cattle 25-50 cents higher. Steers \$84 to \$85.50 and \$83 to \$84. Holsteins \$81 to \$86. Heifers \$80.25 to \$82.25 and \$57.50 to \$60.50. Hogs \$1 to \$1.50 higher at \$45.75 to \$48.

JOLIET steers steady to \$1 lower and heifers steady. Steers \$80 to \$85 and \$88 to \$85. Choice Holsteins at \$85. Heifers \$81 to \$83.50 and \$59 to \$81. Hogs 50-75 cents higher at \$46 to \$47.25. PEORIA choice steers scaling 1,250 to 1,850 lbs. weak to \$1 lower. Lighter weights \$1 to \$2 lower and late \$2 to \$4 off. Heifers steady. Steers \$82 to \$86 and \$60 to \$62.50. Holsteins \$83 to \$86.50. Heifers \$80 to \$82.50 and \$59 to \$60.50. Hogs \$1 higher at \$44 to \$47.50. ST. LOUIS compared to last Tuesday steers firm to 50 cents higher and heifers fully steady. Steers \$80.50 to \$85 and \$81 to \$82.50. Holsteins \$82 to \$85. Heifers \$58 to \$62.50 and \$58 to \$80. Hogs \$1.75 to \$2 higher at \$46 to \$47.75.

Brucellosis Bill Clears Texas Cattle, TABC Is Enlarged

(CONT. FROM PAGE 1)

rules on brucellosis eradication as Gov. Mark White cut a deal with Hispanic and black members to open the meeting to civil rights and farmer labor workers' compensation. The minority law makers held the brucellosis matter hostage in the regular session earlier this summer.

Another deal involved in the matter was made with those South Texas ranchers, led by former Gov. Dolph Briscoe, which enlarged the TABC by three members to give the cattlemen more numerical strength on the commission.

The Mexican-American and blacks protested they had been "snookered" by the Farm Bureau. Farm and ranch operators with annual payrolls of \$100,000 the first year the workers' comp law was in effect and later those with payrolls of \$75,000 would be included. The Farm Bureau managed to limit the liability to \$500,000 for any one accident. The consensus arranged by Gov. White on the matter fell apart early and was never repaired.

Sen. Hector Uribe of Brownsville disavowed the bill he helped negotiate because of the \$500,000 limitation. Uribe killed his bill after hearing objections from House sponsor Rep. Juan Rodriguez, D-McAllen.

"We are concerned with getting farm workers covered by workers' compensation, not setting up some bastard child. The new concept would not have provided workers' compensation for farmworkers," Uribe said.

Allen Signs 10-Year Lease To Operate Ft. Worth Stockyards

(CONT. FROM PAGE 1)
facets of the cattle and hog marketing operations. According to Raymond French, president of United Stockyards Corporation,

Allen operated the facility from November, 1981 through November of 1982 under a one-year agreement. "Because the arrangement worked so well, we've negotiated a long-term lease with Mr. Allen," French said. French further explained that Allen has helped in streamlining the stockyards operation, making it more efficient in handling the current volume of livestock. Under the 10-year lease agreement, all of the actual livestock facilities, with the exception of the Livestock Exchange Building, will be run by Allen. "We won't be changing the auction or marketing schedule," according to

Allen. "Hog sales will take place five days a week, Monday through Thursday, and the cattle auctions will be twice a week, Monday and Tuesday," he said.

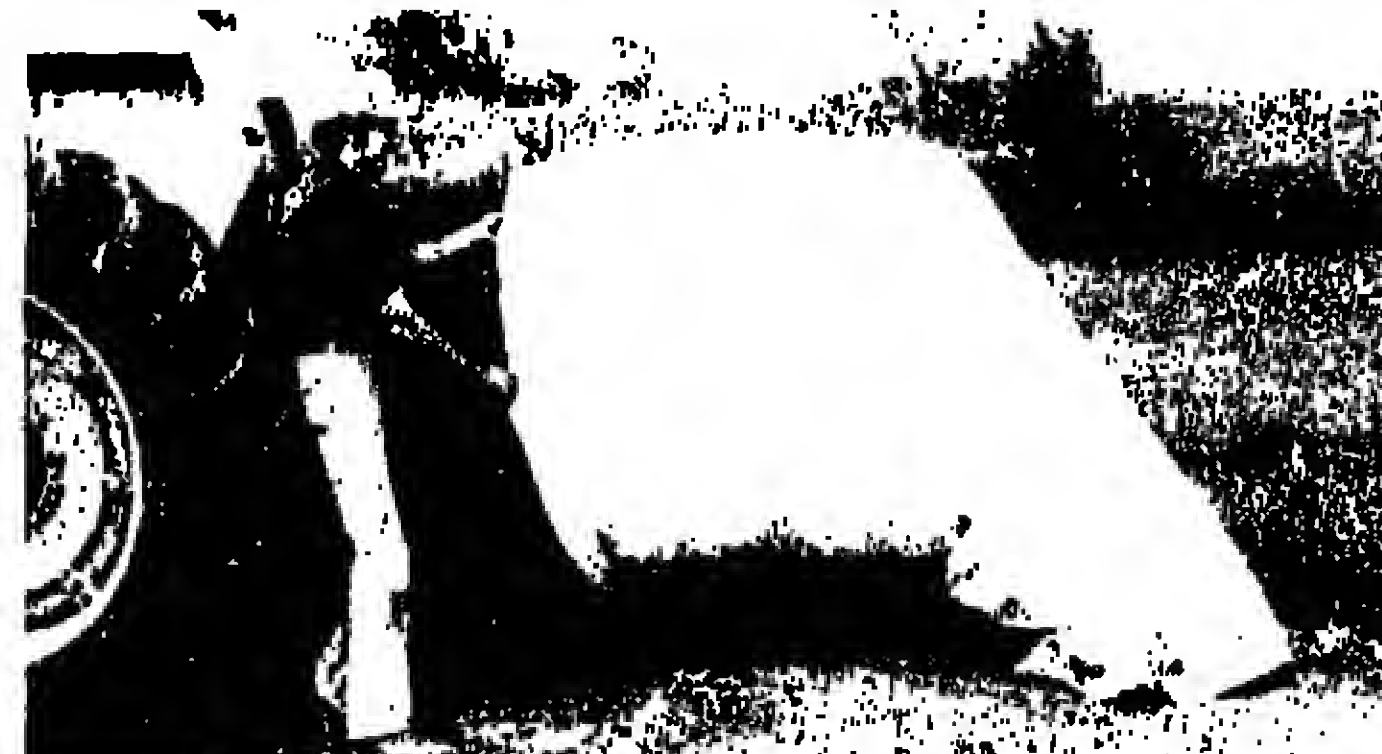

Special Sales, a large-scale auction concept initiated 28 years ago at the Fort Worth Stockyards, will be held eight times a year. The Special Sales have become a trademark of the Fort Worth Stockyards, still attracting buyers and producers from many parts of the southwest. Allen explained the Special Sales are held the last Thursday of every month May through November, with an additional sale scheduled in December or January. Although the Special Sales don't parallel the volume traded years ago, Allen acknowledges, the auction still accounts for sales of a healthy three to four thousand head of Angus, Hereford and crossbreeds each month during the season.

In light of the extensive urban development and renovation of properties around the Fort Worth Stockyards, Allen has voiced concern that some stockyards customers felt the stockyards was phasing out of the livestock business. To the contrary, Allen said the stockyards will run the livestock auctions just as long as they can maintain the business.

Robert Hunt, executive vice president of United Stockyards Corporation, echoes Allen's feelings. "With the signing of a 10-year lease, we're committed to the principle of actively promoting the central public markets concept." What's more, he feels that the Fort Worth Stockyards will remain a viable livestock marketplace for years to come. Hunt concludes, "United Stockyards Corporation is a Chicago based firm. It owns 11 central public livestock markets and as such is the largest owner and operator of public livestock markets in the United States."

needlessly embarrassed by irrelevant questions about their personal habits, etc., but as we have maintained for years we feel that every time a politician opens his or her mouth they are to have a polygraph strapped on 'em for 'protection of you and me agin their double-talk and out right lies."

President Reagan created a furor when he suggested that leaks of internal information might be controlled if suspected leakers were tested and recently in this area a number of people were let go from jobs when they failed to pass the lie detector test. It just happened that these folks handled money and in their position they could have emulated the bar tender who was accused of knocking down and cheating his boss, and who claimed he did no such thing. He said "I toss the money up in the air and if it sticks to the ceiling it belongs to the boss."

One of our friends works for a business here that handles all kinds of tools and parts, quite valuable, another works in a department store. Both outfits have their inventory on computer. However, the computer read out and what is actually in the inventory never add up. It seems a lot of merchandise, tools and parts, sprout legs or hide in lunch buckets or pockets and this shrinkage is greater than the take of the professional shop lifter!

We had a friend out in the Stockyards area here in Cowtown and he was looking for someone to mind the store for him since his establishment was open long hours. He called me one day and invited me down to meet his "new man". He was tickled plumb silly with his new man we were similarly impressed. He turned out to be an ex-Navy man, fine talker and pleasant as all git out and looked like a perfect fit to meet and greet the customers. It was our friend's rule to have potential employees take a polygraph, since they would have access to the cash register.

"The next day my friend was down lower than a snake's belly. His new man had finked the polygraph. It turned out he was on probation, had a couple of DWI convictions, and was currently charged with third and was an alcoholic, to boot.

My friend operated a liquor store. Ever thine, The Edditar.

P.S. Uncle Dunk says Momma will probably get her minute minder back in to the kitchen, since a company has come out now with a telephone set which has a digital clock attached which should make Uncle's long distance calls easy as pie. Dunk claims the recent quickie session of the Texas Legislature is a perfect example of how these legislative bodies foot around. They accomplished in four days, what they had not been able to do in six months previously. Maybe all legislative sessions ought to hold in the hot summer months to encourage these folks to git a move on! — Thassall, Brothers!

"This NoTill Drill Works"

Randy Johnson, Manager of the Caroline Hunt Trust Estate Ranch in Seagoville, Texas is using the Hay Van Currie Pasture-Notill Drill.

According to Randy, "We had dropped the no-till concept in our ranching operations because our equipment just wouldn't do the job. After using the Hay Van Currie Pasture-Notill drill one season, we're now continuing a no-till program. I would personally recommend the drill to anyone. This drill works."

Move round bales as gently as hydraulics
without leaving your pickup seat!Priefert
Hay DollyNo winches
No hydraulics
No electrical connections

Don't Damage Your Roof!

When you get moisture under the roof of the bale, it can't dry out and this spoils the hay. The Priefert Hay Dolly never touches the roof, never drops or rolls the bale. With no bale damage, there's seldom bale spoilage.

The Priefert Hay Dolly hooks to your pickup or tractor with only a simple pin hitch and trip rope. Because brakes

are not required, the Hay Dolly works well in bad ground conditions. The simplicity of the Priefert bale mover will amaze you and assure you of a long, productive life for this unit. Write or phone for literature and dealer nearest you.

TAG the BAG!

"Preliminary field demonstrations conducted by KANSAS STATE UNIVERSITY Extension Service indicates that satisfactory horn and face fly control can be attained by attaching ear tags containing pyrethroids to curtains of mineral feeders used frequently by cattle."

Livestock enticed by mineral or protein blocks will come in contact with the ear tag and will also dust themselves, providing the most effective fly control program available. DUSTACATOR provides a 12" dusting and tagging area. It will stand up to toughest fly tagged herds.

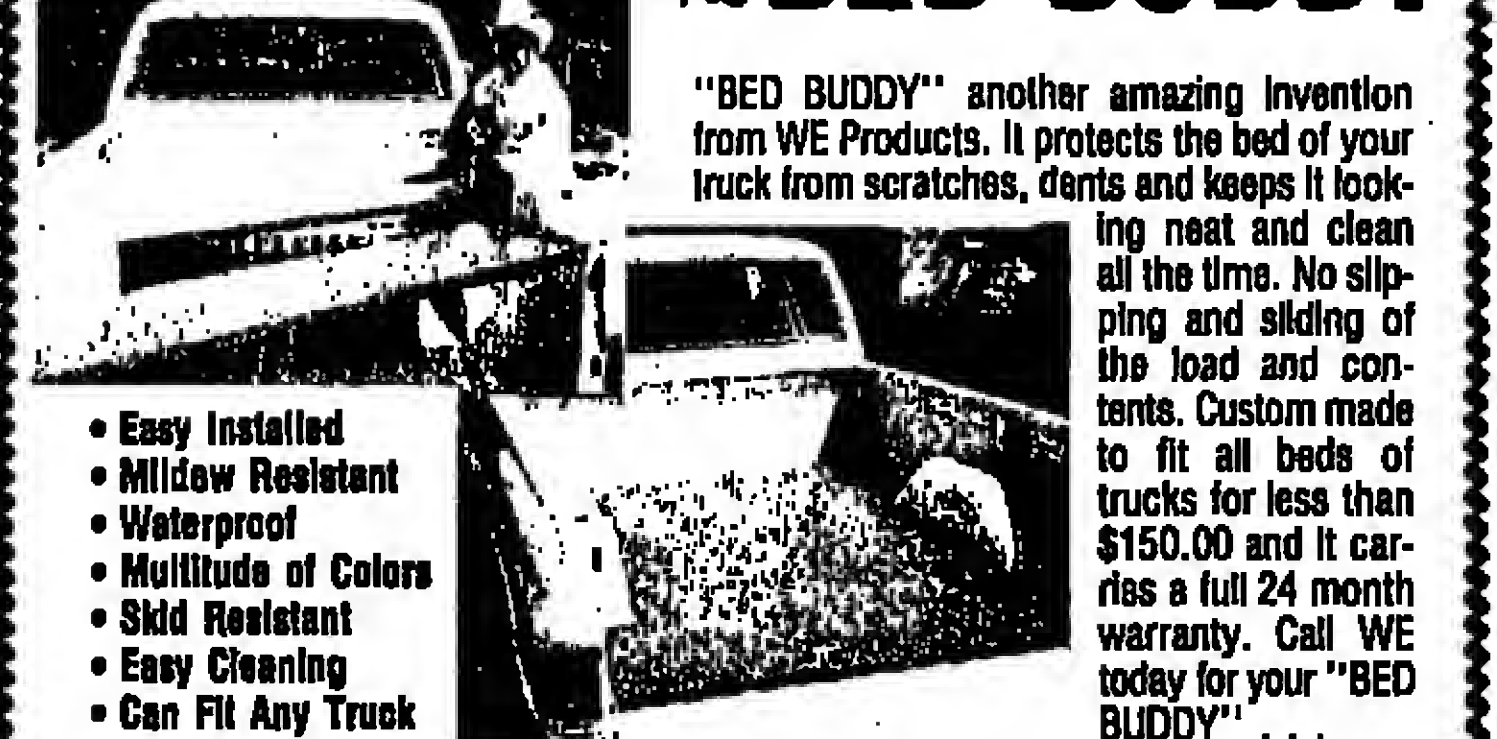

For Maximum Fly Control use Doral or Rabon insecticide dust. Tag bag for additional control if needed. Allow livestock to become accustomed to unit before tagging. Use Rabon type hog rings to attach pesticide sausage. 4" Spacing - 35 Tag.

1. A DUSTER - 12 Foot Circular Duster Area
2. A BLOCK FEEDER - Holds 4 mineral blocks in cage just under duster
3. A LOCKER MINERAL FEEDER - Rubber tub holds 100 lbs. loose mineral
4. A REDUCED 150 LB. UNIT - CATTLE DUST PAGE AND HEAD AREA, THEN GLING INSECTICIDE OVER REST OF BODY FOR YEAR ROUND FLY, LICE AND TICK CONTROL

Hay King Round Bale Equipment

K&M Mfg. Co., Inc., is manufacturing HAY KING round bale equipment. Making two-five bale wagon that mechanically drops one bale at a time. The neck type and bumper pull will dump all types of bales. Bales fall in normal position when dumped. These wagons are easy to load because they load from the end and bales are cradled deep. These wagons are built to carry the heavy bales that the balers will be making.

SALE SPIKE
 HAY KING 30-5 Bale Spike is a height spike on a 3-point hookup that will load the HAY KING wagons, flat bed trucks. Also drops bales in feeders, and will stack two high on ground.

King Ranch Will Offer 2,000 Heifers

A first-time auction offering of a large number of King Ranch special Santa Gertrudis females is set for Saturday, August 20, according to the ranch's General Manager, Steve J. "Tio" Kleberg. The sale will be held at King Ranch's Sale Pavilion near Kingsville, Texas, and will start at noon.

The sale heifers were to have been replacements in the Santa Gertrudis division's commercial herd. However, ranch had to be made for a number of females being consolidated at King Ranch from its Big B, Belle Oak, Florida, division.

The Big B cattle - approximately 2,000 registered Santa Gertrudis females - are being shipped inside Kingsville area this summer and will undergo evaluation for membership in the ranch's Running W "A" Herd.

This sale, dubbed The Cow Camp, marks the first time in King Ranch's 130-year history that a large number of ranch-raised females have been offered at auction. Not only should it be a landmark sale, but with that many animals one place at one time, it should prove interesting to spectators; all 2,000 will sell in one afternoon.
